Issue: Top Google Ranking Module button is an important step to successful usage of Top Google Ranking Module.

Your Agents, Employees, and Co-op Agents will be directed through automatic emails to your company web site with instructions to look for the Top Google Ranking Module logo (VIewMyListing for Companies Widget). The logo Widget should be easily found on the home page and not hidden in sub menus.

Resolution: Please have your webmaster copy the HTML code generated from the below link and place it within your web site code. This will put the Top Google Ranking Module logo button on your company web site.
